### A ROBBER CAPTURED.

Found in a Straw Stack in Plainfield Township.

The latter part of last week Sheriff Walker, of Mahoning county, Ohio, came to this city in search of John McGavin, whom he wanted to answer to the charge of highway robbery. After a consultation with Sheriff Kinney, and after stating that he had reason to believe his man was quartered with an uncle, John McGavin, a Plainfield township farmer, officers were detailed to accompany him to the residence of the uncle. On Saturday night the officers went to the farm house, surrounded it, demanded entrance and finally forced their way into the residence. After a thorough search the culprit was not found, but one of the officers was induced to slip out of the house and run to the barn. One of the officers followed but the lad reached his destination in advance and mounted to the hay loft, where the robber was sleeping. He was awakened by the boy, ran to a window, dropped out and disappeared in the darkness. The officers then made a thorough search, but being unsuccessful they returned to the city. Saturday night the two officers and a half dozen deputies again visited the farm house and continued their search in the vicinity until daylight yesterday, when they discovered their victim emerging from a straw stack about a mile from the house. They captured him and brought him to this city and lodged him in jail. McGavin, the robber, is but twenty-two years old but bears the appearance of being a hardened criminal. He confessed his crime and implicates five others. Sheriff Walker started for home with his prisoner at noon.

### ARMY OF THE CUMBERLAND.

A Good Meeting of the Committee On Reception.

The Committee on Reception of the coming re-union of the Society of the Army of the Cumberland met at the Morton House last night, Chairman W. P. Innes presiding, and Burney Hoyt acting as Secretary. The meeting was called to order by the chairman, who made a few very appropriate remarks on the duties of the committee at the coming re-union. After a brief discussion it was moved and carried that the chairman and secretary send notices to each of the members of the committee not present at the meeting, asking them to inform the committee as to their positive assurance of their attendance at the re-union. It was also that the chairman and secretary appoint the respective sub-committees as soon as a reply is received to said notices. There being no further business the meeting adjourned.

The following were among those present, some of whom are members of the Executive, Hotel and Entertainment Committees, who were present at the request of the Committee on Reception: W. A. Berkeley, Dr. G. K. Johnson, Maj. J. R. Powell, Rev. A. R. Merriam, Rev. E. H. Brooks, B. C. Tracey, Gen. B. R. Pierce, Rev. H. M. Joy, Col. F. V. Fox, Maj. J. Brady, Hon. C. Angel, Judge J. T. ### IN BEHALF OF LAW AND ORDER.

The Meeting at Mission Wood Presbyterian Church Sunday Evening.

Notwithstanding the unpleasant weather a large audience assembled at Mission Wood Presbyterian church Sunday evening in the interest of law and order. The exercises consisted of addresses and appropriate singing. The agent of the society made a brief statement of the magnitude of the work before the order, and also what had been accomplished. Rev. Brooks of the Second Baptist church, in a few felicitous remarks expressed his own sympathy with the particular work, and that the gospel should be made practical in and bearing upon this age of reform. Judge Tatum, as a true scholar, in a fair, cogent, impartial argument set forth the workings of the law and gospel against the evil of intemperance. These gentlemen will conduct similar exercises in the various churches of the city from time to time, with the purpose of gaining the sympathy and encouragement of Christian people and that the society, which has for its object, "the securing, by all proper means, the enforcement of the State law and city ordinances in regard to the sale of intoxicating liquors," may no longer be held up to reproach, but be supported by the influence and patronage of all right-minded citizens.

### CURIOUS HARVEST SCENE.

Kalamazoo Celery Raisers Meet a Heavy Loss from Floods.

Hon. Chas. W. Garfield, of this city, returned from Kalamazoo yesterday, where he attended a committee meeting of the National Pomological Society. He said to a representative of THE TELEGRAM: "I saw a most curious sight to-day while in Kalamazoo. The recent continued rains had caused the Kalamazoo river and Portage Creek to overflow the celery district of the city and there I saw a large multitude of men, waist-deep in the water pulling the celery plants, placing them upon planks, temporary rafts and in boats and floating them to the high land." He further said: "The celery fields were in perfect bloom before the rain and the first crop was just ready for harvest, while the second crop was coming along nicely between the rows. The storm must have been much more severe there than here to have overflowed so vast a territory, and the loss to celery raisers will certainly mount upward into the thousands. Should the water recede quickly the plants will not be much injured, but if the fields remain inundated more than forty-eight hours the rust will almost, if not entirely, ruin the first crop and greatly damage the second."

### Found a Home.

The baby found on the hill by Mr. Hunt last week was christened Mary Lyon by the people at St. Mark's Home because it was found on Lyon street. Yesterday it was adopted in due form by a Mr. and Mrs. Wilson, and Judge Follett ordered its name changed to Mertie Wilson. It is now that Mr. Hunt did not find the baby, but had his attention called to it by a very modest young lady and gentleman who discovered it while out walking. They did not want to say that they had found the little stranger, so they induced Mr. Hunt to take it off their hands and suppress their names.

### In Hymen's Yoke.

Rev. Kerr B. Tipper, of the Fountain street Baptist Church, made two souls happy at the Eagle Hotel parlors last evening. They were those of George Hughton, a popular young man living at Mantion, and Miss Alice Bonham, a young lady living and having many friends in this city.

### An American Wheelman.

Mr. E. F. Powers, of the firm of Atwood & Powers, Mansfield, Mass., is a famous bicyclist. The most expert, however, will soon come to grief and through an accident while riding recently, Mr. Powers sustained a serious injury to his right leg. A few applications of St. Jacobs Oil effected a cure.

### A Great Improvement in Business.

Reports from all sections of the country indicate a great improvement in all lines of business, and nowhere is this encouraging feeling more noticeable than among the enterprising business men of our own city. We find them all hopeful and expecting a good trade this Fall. A reporter of THE TELEGRAM happening in at Winegar's, 5 North Division street, on Saturday, took occasion to inquire what preparations were being made for the Fall trade. Mr. Winegar's business has rapidly increased during the past year, and to such an extent that it is necessary to buy goods in all lines in case lots. This fact explains the secret of his success. Ten sales at ten per cent. profit are better than two sales at twenty-five per cent. A hint to the wise is sufficient, and the buyers should take it and go where they can save fifteen per cent. on their purchases. As the school season is near at hand, a very large stock of school books and supplies of all kinds is on hand. Extra inducements will be offered teachers and schools buying in quantities. In blank books a large assortment is offered, ranging in price from four to sixty cents a quire, and guaranteed to be fifteen per cent. less than sold elsewhere in the city. In all departments this same variety and low prices will be found. We cannot enumerate all the fancy goods, miscellaneous books, splendid line of pocket memorandum books and many other articles, but we must make an exception of an invoice of blank papers just received, put up 24 sheets of paper and 24 envelopes in a box, in legal or wide fold, white cream and pink paper, plain and illuminated, the finest line ever offered in this city at only 15, 20, 25, 30, 35 and 50 cents a box. A leading feature of this establishment, the news department, will continue to furnish the public with all the leading daily and weekly newspapers, illustrated papers and magazines, at the earliest possible moment after publication. A full stock also of the Seaside and other libraries. Mr. Winegar is deserving of all the success he is meeting with, and we are glad to know that he is rapidly taking the front rank in the book, stationery and news business of the city.

### Deeply Regretted.

Drs. Wesley and French, who for nearly three months have been located at 119 Monroe street, and during that time have treated and cured nearly 600 patients, will leave Grand Rapids this week. They have decided on Saturday, Aug. 29, as the day of their departure. Drs. Wesley and French have made countless warm friends in this city who are loth to have them go away. They have done all that they proposed to do when they came. They have performed some wonderful cures and have benefited all who have treated with them. Their friends in Grand Rapids cheerfully recommend them to the afflicted ones everywhere as honorable and skillful physicians, whom to consult and be treated by is certain relief, if not permanent cure.

### School Suffrage.

All women in the city who are parents or legal guardians of children between the ages of five and twenty years, or who own property liable to assessment for school taxes, are invited to attend the meeting this afternoon at 3 o'clock, in the Ladies' Literary Club room, on Pearl street, and all other women who are interested in this question will be cordially welcome.

### Always Ahead.

Friedrich Brothers, 30 and 32 Canal street, are the leading music firm of Grand Rapids and of Western Michigan. They keep the largest and best assorted stock of sheet music and musical merchandise, and make a specialty of strictly first-class pianos and organs. Having been for many years the only firm in the city who kept them, they were enabled to choose the best from the several makes. They keep the Walter and Knabe, pianos of world-wide celebrity, while their competitors keep but one make. Their rapidly increasing business demonstrates the popularity of the goods they handle.
